

DRIVER PRIVACY STATEMENT

Effective Date: Jan 1st 2016

UQUICK collects information about you when you use our mobile applications, websites, and other online products and services (collectively, the “Services”) and through other interactions and communications you have with us. For persons residing inside of the Australia, the Services are provided by UQUICK, and this Privacy Statement (“Statement”) applies to information collected and used by UQUICK (hereinafter “UQUICK” or “we”).

SCOPE AND APPLICATION

This Statement applies to drivers, couriers, partner transportation companies, and any other persons that use the UQUICK platform under license (collectively “Drivers,” or individually “you”) and reside inside of Australia. This Statement does not apply to Drivers who reside outside Australia. If you interact with the Services as both a User and a Driver, the respective privacy statements apply to your different interactions.

COLLECTION OF INFORMATION

INFORMATION YOU PROVIDE TO US

We collect information you provide directly to us, such as when you create, modify, or log in to your account, request support from us, consent to a background check, submit your driver’s license, submit information about your vehicle or insurance, or otherwise communicate with us. This information may include: name, email, phone number, postal address, profile picture, payment information, vehicle registration information, insurance information, driver’s license information, and other information you may choose to provide.

INFORMATION WE COLLECT THROUGH YOUR USE OF OUR SERVICES

When you use our Services, we collect information about you in the following general categories:

- **Location Information:** As a condition of providing Users with transportation, delivery, or other services via the UQUICK platform, your precise location data must be provided to UQUICK via the app that you use. Once the UQUICK app has permission to access location services through the permission system used by your mobile operating system (“platform”), we will collect the precise location of your device when the app is running in the foreground or background. We may also derive your approximate location from your IP address.
- **Contacts Information:** If you permit the UQUICK app to access the address book on your device via the permission system used by your platform, we may access and store names and contact information from your address book to facilitate social interactions through our Services and for other purposes described in this Statement or at the time of consent or collection.
- **Transaction Information:** We collect transaction details related to the transportation (or other) services you provide through our platform, including the type of service provided, date and time the service was provided, amount charged, distance traveled, and other related transaction details. Additionally, if someone uses your promo code, we may associate your name with that person.
- **Usage and Preference Information:** We collect information about how you and site visitors interact with our Services, preferences expressed, and settings chosen. In some cases, we do this through the use of cookies, pixel tags, and similar device identification technologies that create and maintain unique identifiers.

- **Device Information:** We may collect information about your mobile device (whether your own device or a device we provide you), including, for example, the hardware model, operating system and version, software and file names and versions, preferred language, unique device identifier, advertising identifiers, serial number, device motion information, and mobile network information.
- **Call and SMS Data:** Our Services facilitate communications between Users and Drivers. In connection with facilitating this service, we receive call data, including the date and time of the call or SMS message, the parties' phone numbers, and the content of the SMS message.
- **Log Information:** When you interact with the Services, we collect server logs, which may include information like device IP address, access dates and times, app features or pages viewed, app crashes and other system activity, type of browser, and the third-party site or service you were using before interacting with our Services.

IMPORTANT INFORMATION ABOUT PLATFORM PERMISSIONS

Most mobile platforms (iOS, Android, etc.) have defined certain types of device data that apps cannot access without your consent. And these platforms have different permission systems for obtaining your consent. The iOS platform will alert you the first time the UQUICK app wants permission to access certain types of data and will let you consent (or not consent) to that request. Android devices will notify you of the permissions that the UQUICK app seeks before you first use the app, and your use of the app constitutes your consent.

INFORMATION WE COLLECT FROM OTHER SOURCES

We may also receive information from other sources and combine that with information we collect through our Services. For example:

- If you choose to link, create, or log in to your UQUICK account with a payment provider (e.g., Google Wallet) or social media service (e.g., Facebook), or if you engage with a separate app or website that uses our API (or whose API we use), we may receive information about you or your connections from that site or app.
- If you use the Services through an account associated with a partner transportation company, we may receive information about you from that partner company.
- When you provide on demand services to Users, our Users may provide us with a driver rating or similar rating of the service you provide for them.
- If you also interact with our Services in another capacity, for instance to request on demand services as a User, or as a user of other apps we may provide, we may combine or associate that information with information we have collected from you in your capacity as a Driver.

USE OF INFORMATION

We may use the information we collect about you to:

- Provide, maintain, and improve our Services, including, for example, to facilitate payments, send receipts, provide products and services (and send related information), develop new features, provide customer support to Users and Drivers, develop safety features, authenticate users, and send product updates and administrative messages;
- Perform internal operations, including, for example, to prevent fraud and abuse of our Services; to troubleshoot software bugs and operational problems; to conduct data analysis, testing, and research; and to monitor and analyze usage and activity trends;

- Send or facilitate communications (i) between you and a User (e.g. a rider), such as estimated times of arrival (ETAs), or (ii) between you and a contact of yours at your direction in connection with your use of certain features, such as referrals.
- Send you communications we think will be of interest to you, including information about products, services, promotions, news, and events of UQUICK and other companies, where permissible and according to local applicable laws; and to process contest, sweepstake, or other promotion entries and fulfill any related awards;
- Personalize and improve the Services, including to provide or recommend features, content, social connections, referrals, and advertisements.

We may transfer the information described in this Statement to, and process and store it in, the New Zealand and other countries, some of which may have less protective data protection laws than the region in which you reside. Where this is the case, we will take appropriate measures to protect your personal information in accordance with this Statement.

SHARING OF INFORMATION

We may share the information we collect about you as described in this Statement or as described at the time of collection or sharing, including as follows:

THROUGH OUR SERVICES

We may share your information:

- With Users in connection with their request for transportation or other services. For instance, we may share your name, personal photo, vehicle photo, vehicle license, vehicle make and model, precise or approximate location, average rating provided by Users, and certain contact information (depending upon your location and applicable laws). After you have provided the requested services, we will send the User a receipt via e-mail or other means which may include the breakdown of amounts charged, your name, contact information, photo, a map of the route you took, and other transaction details.
- With other people, as directed by you, in connection with a particular service, offering or promotion; or with third parties to provide you a service you requested through a partnership or promotional offering made by a third party or us;
- With the general public if you submit content in a public forum, such as blog comments, social media posts, or other features of our Services that are viewable by the general public;
- With third parties with whom you choose to let us share information, for example other apps or websites that integrate with our API or Services, or those with an API or Service with which we integrate; and
- With your partner transportation company and any necessary third parties engaged by us or the partner company, if you use the Services through an account connected to a partner transportation company.

OTHER IMPORTANT SHARING

We may share your information:

- With UQUICK subsidiaries and affiliated entities that provide services or conduct data processing on our behalf, or for data centralization and / or logistics purposes;
- With vendors, consultants, marketing partners, and other service providers who need access to such information to carry out work on our behalf;

- In response to a request for information by a competent authority if we believe disclosure is in accordance with, or is otherwise required by, any applicable law, regulation, ordinance, license, operating agreement, or legal process;
- With law enforcement officials, government authorities, or other third parties if we believe your actions are inconsistent with our user agreements or policies, or to protect the rights, property, or safety of UQUICK or others;
- In connection with, or during negotiations of, any merger, sale of company assets, consolidation or restructuring, financing, or acquisition of all or a portion of our business by or into another company;
- If we otherwise notify you and you consent to the sharing; and
- In an aggregated and/or anonymized form which cannot reasonably be used to identify you.

SOCIAL SHARING FEATURES

The Services may integrate with social sharing features and other related tools which let you share actions you take on our Services with other apps, sites, or media, and vice versa. Your use of such features enables the sharing of information with your friends or the public, depending on the settings you establish with the social sharing service. Please refer to the privacy policies of those social sharing services for more information about how they handle the data you provide to or share through them.

ANALYTICS AND ADVERTISING SERVICES PROVIDED BY OTHERS

We may allow others to provide audience measurement and analytics services for us, to serve advertisements on our behalf across the Internet, and to track and report on the performance of those advertisements. These entities may use cookies, web beacons, SDKs, and other technologies to identify your device when you visit our site and use our Services, as well as when you visit other online sites and services.

YOUR CHOICES

ACCOUNT INFORMATION

You may correct your account information at any time by logging into your online or in-app account. If you wish to cancel your account, please email us at support@UQUICK.com.au. Please note that in some cases we may retain certain information about you as required by law, or for legitimate business purposes to the extent permitted by law. For instance, if you have a standing credit or debt on your account, or if we believe you have committed fraud or violated our Terms, we may seek to resolve the issue before deleting your information.

ACCESS RIGHTS

UQUICK will comply with individual's requests regarding access, correction, and/or deletion of the personal data it stores in accordance with applicable law.

LOCATION INFORMATION

We request permission for our app's collection of precise location from your device (whether your own device or one we provide) per the permission system used by your mobile operating system. If you initially permit the collection of this information, you can later disable it by changing the location settings on your mobile device. However, you will not be able to provide services on the UQUICK platform if you disable our collection of precise location data. Additionally, disabling our collection of precise location from your device will not limit our ability to derive approximate location from your IP address.

CONTACT INFORMATION

We may also seek permission for our app's collection and syncing of contact information from your device per the permission system used by your mobile operating system. If you initially permit the collection of this information, iOS users can later disable it by changing the contacts settings on your mobile device. The Android platform does not provide such a setting.

PROMOTIONAL COMMUNICATIONS

You may opt out of receiving promotional messages from us by following the instructions in those messages. If you opt out, we may still send you non-promotional communications, such as those about your account, about Services you have requested, or our ongoing business relations.

CHANGES TO THE STATEMENT

We may change this Statement from time to time. If we make significant changes in the way we treat your personal information, or to the Statement, we will provide you notice through the Services or by some other means, such as email. Your continued use of the Services after such notice constitutes your consent to the changes. We encourage you to periodically review this Statement for the latest information on our privacy practices.

CONTACT US

If you have any questions about this Statement, please contact us at support@UQUICK.com.au, or write us at UQUICK, Attn: Driver support T2/701 Swanston St, Carlton, Vic 3053, Australia.
